“Scaffolding and Excavation Safety in Construction Industries”
12th September 2022 (10.00 - 13.00 hrs.)

DGFASLI & RLI Chennai

Directorate General of Factory Advise Service & Labour Institute is an attached office of the Ministry of Labour & Employment, Government of India. This office serves as a technical arm to assist the Ministry in formulating national policies on occupational safety and health in factories and docks. It also advises factories on various problems concerning safety, health, efficiency and well-being of the persons at work places.

The Regional Labour Institute, Chennai, one of the Sub-ordinate Offices of DGFASLI, has been rendering technical assistance and services in the field of Occupational Health, Safety and Environment in the Southern Region. RLI Chennai also organizes training programs, conduct courses on OSH.

Background

There are many factors to scaffolding accidents that we must consider when working with or around them: failures at attachment points, parts failure, inadequate fall protection, improper construction or work rules, and changing environmental conditions. Excavation and trenching are amongst the most dangerous operations in the construction industry. Dangers can include cave-ins, falling loads, hazardous atmospheres, and hazards from using heavy equipment. Regular pre-work inspections can reduce hazards and serious risk of injury. This training program is intended to discuss the Accident prevention technique in regard to lifting safety at construction site.
